EDUCATION

Landmark University   **Kwara, Nigeria**
Bachelor of Science (B.Sc.) in Computer Science   November 2025
- o Specialization: Software Development/DevOps
- o GPA: 4.69/5.0 (First Class Honors)

PROFESSIONAL EXPERIENCE

Back End Developer, **Evé Technologies Inc.**   August 2025 - Present
- o Built a modular, scalable backend architecture with caching, boosting database performance by 15% and reducing server load by 12%.
- o Produced system diagrams to align teams, reducing implementation errors by 18%..
- o Streamlined troubleshooting with cross-functional collaboration, decreasing bug resolution time by 10%.
- o Developed RESTful APIs with clear separation of concerns, cutting feature rollout time by 20%.

Product Operations Trainee, **FairMoney**   March 2024 - September 2024
- o Analyzed transactions and provided detailed reports on the success rate of transactions, which were utilized for decision-making within the organization, enhancing strategic planning and operational efficiency.
- o Implemented effective routing protocols that reduce processing errors by 5% and decrease transaction delays by 3%, ensuring accurate and timely transaction processing.
- o Identified and resolved discrepancies during the reconciliation process to ensure accurate financial records, resulting in improved customer satisfaction.

Back End Developer, **Incognito Tech-Solutions Limited**   November 2023 - November 2024
- o Increased database performance by 10% using a combination of indexing and queries optimization.
- o Developed and optimized RESTful APIs for efficient data exchange, improving application performance by reducing response times by 2%.
- o Collaborated with cross-functional teams to troubleshoot issues, enhance application functionality, and deliver high-quality software solutions, leading to a 12% reduction in bug resolution time and a 5% increase in user satisfaction.

LEADERSHIP EXPERIENCE

Google Developer Student Club   **Landmark University, Nigeria**
Backend Lead   September 2024 - August 2024
- o Collaborated with the team to oversee backend architecture, select technologies, and conduct code reviews, ensuring quality and performance, while mentoring team members and collectively meeting project deadlines.
- o Played a key role as the media personnel in organizing and managing events and workshops, which increased participation and successfully enhanced community engagement and learning opportunities for members.

SKILLS & ACHIEVEMENTS

- ● **Languages :** English (native)
- ● **Technical Skills:** Python| JavaScript| Node| Golang| React| Postman| C#|Excel| SQL| MongoDB.
- ● **Soft Skills:** Excellent communication and interpersonal skills| strong analytical and reporting skills| great attention to detail, good leadership skills| ability to work effectively in a team and grow.
- ● **Interests:** Sports| Gym| Gaming| Photography| Tech Meetups| Graphic Designs.
- ● **Certificates & Achievements:** Google/Udacity Back-end Scholarship| Andela/Udacity Front-end Scholarship| Postman API Fundamental Student Expert.
- ● **Activities:** Google Developers Group (G.D.G.)| Andela Learning Committee (A.L.C).
